University City cleans-up it's act!

Volunteers from the community join Mayor Sanders and Scott Peters in cleaning up our neighborhood.

Saturday May 12th, the community came out, en mass, to clean up our neighborhood. Residents could deposit unwanted treasures from garages, sheds and backyards and then join together with May Jerry sanders and Scott Peters to clean up the medians, sidewalks and the parks of University City. The weather cooperated and by noon UC had a new, cleaner look. A round of applause is due those who came out and did this much needed deed. Now let's keep UC clean. Resist the temptation to toss that cigarette butt, candy wrapper or plastic bag out on to the street. Remember kids learn young.

Set a good example for our youngest residents. Consider carrying a grocery bag with you on your morning walk, to collect what others have dropped, inadvertently. Dog owners need to be aware of pet droppings, especially in parks where kids play on the lawn. Most of our parks have doggie bags for pet droppings. It doesn't take a minute to be considerate of our neighbors. For those residents who fly our flag, the noble Stars and Stripes, please be aware of the condition the standard is in, once in a while. Flying the Stars and Stripes, in tatters, does more to dishonor the emblem of our country and freedom, than to honor it.

The fruits of much hard labor....many bags of trash for the landfill...a fun time for all.....

Volunteers needed for the Music in the Park Events

Volunteers are needed to assist with the Summer Concerts in the Park. If you would like to volunteer please call Sandy Lippe at (858) 453-2387 for more information and the time commitment.

NOTICE

Flyers or handouts about businesses or non-UCCA events, activities, issues or organizations are neither inserted nor distributed with the UCCA newsletter.

Helping Mother Nature

A schedule has been prepared for the coming year for noble volunteers who will water and feed the newly planted Jacaranda trees at the Park and Ride, at the East end of Governor Drive. The people volunteering to do this are Debbie Betzenderfer, Mary Kay Hewitt, Sandy Lippe and Tim Pruss. Each volunteer will receive training by Tim Pruss before June when the schedule will begin. Volunteers pass on the necessary equipment and supplies between themselves to facilitate the process. The plants will be watered twice a week, depending on the weather. If this is something you might like to do for the community while spending a few minutes in the sun taking care of mother nature's best, please e-mail Sandy Lippe at slippe@san.rr.com or call her at (858) 453-2387.

The University City United Church

will present a first-hand report on **recovery operations in New Orleans**. The Rev. Yoshi Kaneda from the United Church of Christ, Riverside will present photos and talk about his experience volunteering to help those affected by Hurricane Katrina. There will be a light lunch served at noon, followed by the presentation at 12:30. Please join us for this free event. UCUC is located at 2877 Governor Drive. For more information, call (858) 453-3444.

Henry, the three-legged cat, has sparked a healing ministry, reaching out to **challenged kids** as well as **returning wounded war veterans**. Cathy Conheim, Henry's owner, and the author of "Henry's World" and "What's the Matter with Henry" will present the message at University City United Church at 10:30 a.m. on Sunday, June 10th. Conheim, a psychotherapist by trade, will talk about the "power of one" and the amazing connection that has been made through Henry's "voice" with people who thought they had lost everything. Please join us at UCUC, 2877 Governor Drive. For more information, call (858) 453-3444.

And the Winner is....

UC kids win in Robotics, beating 97 other countries around the world

Two University City-based teams of high school and middle school students won top awards at a robotics world championship held in April Atlanta, Georgia. The winning students were recently honored for their accomplishments by both Mayor Sanders and Congresswoman Susan Davis. The team members will also demonstrate – and give the public a chance to drive – the award-winning robots at the UC Celebration on July 4 at Standley Park.

Team E.M.P., consisting of Jeb Brooks, Mark Escobedo, and RJ Sheperd of University City, along with Julien Long, Justin Ripley, and Ian Schroeder, claimed top honors at the World Championship. All the members of Team E.M.P. are high schoolers at High Tech High International and High Tech High. Einstein's Daughters – one of the few all-girls teams competing in the league – was awarded the Innovate Award for the most innovative design solution to this year's robotic challenge. The judges reported that the girls achieved a solution they had not seen attempted by any other team at the World Championship or at any of the many regional tournaments. The members of Einstein's Daughters are Katy Anderson, Katie Brooks, Laura Decorte, Katie Ho, Mia Sheperd, and Maddie Taylor – all of University City and all students at the High Tech Village schools

In the competition, teams were required to design, build and program a robot to score points by collecting and scoring softballs scattered over the playing field, along with certain other tasks. The robots faced off in two-on-two competitions, so strategy and good defense were as important as scoring lots of balls. The design and programming of the robots was totally up to the student participants.

Carson Kemp, a much loved student, missed by friends family and team mates.

The University City High School and the whole community is grieving the loss of one of our students. In April Carson Kemp, a well-known, well-respected and much loved 11th grader passed away peacefully in her sleep.

Carson was one of the most spirited, dedicated and involved students at UC High. She was a member of the Cross Country, Soccer, Track & Field teams and she was the concert mistress in the UCHS Orchestra. Just recently she was featured soloist at our Spring Concert - playing the Schubert "Ave Maria." She was also a performing member of the San Diego Youth Symphony.

Our hearts and prayers go out to her mother, Ms. Andrea Schwartz, her sister and their entire family.

Our Pool Re-Opens...

Swanson Pool reopened after 3 months of closure on Sunday, May 26th. Call 552-1653 for swim schedules and lesson information.

University City needs to come together to make certain the pool does NOT close next year. Taking action like this demands the active participation of all our residents. The proposed City Budget cuts are likely to effect us and while we have Mayoral guarantees that service levels will not decline communal expression of this concern will go a long way to assure this. If you are interested in joining a group which will work toward keeping the pool open during the months when the community will enjoy it more, contact Sandy at 453-2387.

Information about family, church and UC History are invited. Especially welcome are stories about residents serving in our armed forces here and abroad. Please contact the Editor at 858-736-4128 or e-mail at UCCANEWS@san.rr.com

The Music of Summer

The Summer Concerts in Standley Park provide an opportunity to help and have fun. The bands that will be performing this summer will be performing a mild rock 'n roll genre with some exceptions. The Chris Klich Orchestra is jazz orchestra. We will also have some Bayou and some country for the people who appreciate that type of music. Help is needed for set-up on Sundays when the concerts happen. Duties include setting up the stage and providing electricity for the bands, greeting the bands and making sure that they have what they need, making announcements such as announcing the band and refreshments and breaking down and storing the stage. There will be eight concerts beginning July 8th and ending September 2nd with performances starting at 5 p.m. and ending at 7 p.m. If you would like to volunteer please call Sandy at (858) 453-2387.

And the Rocket's Red Glare.....UC July 4th Celebration

The UC Community is gearing up for the annual July 4th celebration in the Park. Some of the highlights of this year's Celebration will be the "Tallest Portable Rock Wall in the County", pony rides and "Joey and the Sting Rays".

If you have books for the popular **BOOK BARN** you can drop books off at 4315 Huggins, in UC, at any time. Please be courteous and do not disturb the occupant, when you do so. You may also drop off books at Standley Park Recreation Center on June 30, July 2 and July 3.

If you would like to volunteer, you are more than welcome. Please e-mail Pat Neugebauer at Patneugebauer@sbcglobal.net prior to the Fourth of July. Scheduling volunteers before the event allows us to utilize volunteers more efficiently.

This year there is room for twenty additional booths and the Celebration Committee will continue taking applications until the end of June. However, we are no longer considering food booths. Please contact Joe McLaughlin at 619-980-5101 or e-mail him directly at Joe@homesofsandiego.com.

The final UC Celebration planning meeting will be Wednesday, June 20, at 7:00 p.m. at the Standley Park Recreation Center. All are welcome to attend. For further information, please contact Andy Freeburn at 858-336-4437 or e-mail to AndyFreeburn@century21award.com.

Beautifying the Park and Ride at the end of Governor

The Mayor, Scott Peters and the members of the UCCA Board help clean up and beautify the Park and Ride.

Several plants, trees, many truck loads of mulch and a great deal of sweat and muscle later and the Park and Ride at the East end of Governor came away with a much needed and anticipated face lift. The area which is the East entrance to our community has long been an eyesore after having been abandoned by the authorities who are supposed to take care of it.

Concerned citizens and our mayor and Councilman Peters came together to get donations of mulch, plants and trees to make the area look inviting and easier on the eye. Members of the board are volunteering to keep the newly planted flora green by watering the area once a week.

Not quite retired in University City

Elton and Julie Horn of UC operate a home business...

It was 1971 and Elton and Julie Horn were faced with a move. The company he worked for was relocating

from Puerto Rico to San Diego, California. Having started out in San Jose, they were happy to move back home to California. They bought a new home on Benhurst and raised their kids in UC. Now, for all purposes retired, they have two grand kids and two great grand kids. But, Julie, a vibrant and vital 77 years young, feels that it is way too early to retire. So they run a home based business where people join groups and travel a lot less expensively than they might if they did it on their own. For the horns, it is a way to keep going strong, and the enthusiastic way in which they speak of their work, they doing just that. The company that sponsors them maintains a website at: Both Julie and Elton feel that it is a way of giving back to the community that they have loved for 35 years.

President's Perspective...

Congratulations and many thanks to the army of community members, men, women and children, who participated in our annual UC Cleanup Day! We are also grateful to the members of "I Love a Clean San Diego" who arrived in our neighborhood to help us with our spring cleaning project. Mayor Sanders and Council President Peters, along with their staffs, rolled up their sleeves and brushed away weeds and debris to help us create a more beautiful community. Another project in our community that is focused on keeping a specific area neat and clean is a project started and promoted by Dr. Fernandez, principal at Spreckels school. Any student "caught" contributing to the cleanliness of the school area has his or her name put on a piece of paper and placed in a special box located in the main office. During a school assembly names are randomly drawn from the box and the lucky student is awarded with a special prize. This is a unique way of having students become aware of and alert to the importance of schoolwide environmental cleanliness. With Father's Day arriving on the 17th of the month, I want to recognize the enormous contribution of time, talent and energy so many fathers of the community have contributed to local events, activities and experiences for our youth. I think the wisdom, encouragement and good example they have given to the young men and women of our community is a major factor in the low vandalism and destructiveness we experience in our neighborhood. Please take this opportunity to join our Community Association this month. The membership form is easily accessible in this issue of the newsletter. The more folks and resources we have, the more we can do together to continue to build a beautiful, safe and clean neighborhood!

The Blue Mass

Veterans, Fire Fighters, Law Enforcement and Fallen Heroes of all of America's wars were celebrated on Saturday May 26th, at a special mass offered at Our Mother of Confidence Church in UC. People in uniform attended and all veterans were presented with a small memorial ribbon. The Mass was concelebrated by Msgr. Donal Sheahan, the Pastor and several Military chaplains. The sermon was given by an Army Chaplain who remembered his service in Vietnam and Panama and recalled the bravery and the sacrifice of all the military heroes he came in contact with during those campaigns. The Traditional Choir of Our Mother of Confidence sang a tribute to America and ended the celebration with a rousing rendition of the Battle Hymn of the Republic. The "Blue Mass" as it is called is fast becoming an annual Memorial day celebration, here in UC, and is modeled after a similar celebration at St. Patrick's Cathedral in New York City honoring their fire fighters and policemen.

July 4th Celebration

Joey and the Stingrays, who will be feated performers at teh July 4th Celebration

The July 4th Celebration at Standley Park being sponsored by the Rec Center will end with music provided by the Group Joey and the Stingrays. The grouo, which is well know in San Diego has recently added a new female vocalist.

If you are not a member of our Community Association please consider joining. The Association depends heavily on memberships to sponsor concerts in the park during Summer and printing and distributing this newletter.

Will Proposed City Budget Cuts effect UC?

University City and our community swimming pool are likely to suffer from our Mayor's proposed budget cuts. One third of the city of San Diego's aquatics staff will be laid off under this budget proposal. While the Mayor pledges that services will not suffer, the numbers do not add up to our benefit. "I don't think more people equal better service," he tells the various community

groups he has been touring since he released his 2008 budget last month. But, reduced staff will result is lower availability of personnel to perform the services needed by the communities to whom the Mayor has made his pledge for continued service levels. The Mayor concedes that it will take a year for the City to determine how best to use the personnel resources available, once the cuts are made.

One idea that has been put forth by the Mayor is that results will be measured by the "outcome" of services performed and not by the quantity of "output". It appears to be a noble idea but not a very pragmatic one. In the meanwhile, UC will have to adopt a "wait and see" attitude about the whole plan. All the while, our swimming pool remains a "hole in the ground", albeit filled with water, between September and May.

Congratulations to those Residents who joined UCCA since the last issue
